

# Dhairya Tiwari

+91 9721631005 | <mailto:dhairyatiwari186@gmail.com> | Kanpur, UP | [LinkedIn](#) | [GITHUB](#)

## SUMMARY

Skilled in full-stack development, specializing in React.js, modern JavaScript (ES6+), and Node.js with hands-on experience in building scalable, component-driven architectures. Proficient in writing clean, modular, and maintainable code across both client and server sides. Seeking full-time opportunities in Software Development, focusing on Back-End or Full-Stack Engineering, to contribute to high-impact products, tackle complex engineering challenges, and continuously grow as a developer.

## EDUCATION

Vellore Institute of Technology, B.Tech in Computer Science and Engineering | Chennai, India

Graduation: 2027

CGPA - 9.3/10

## EXPERIENCE

BrandedBuddies, Software Development Intern (Full-Stack) | Chennai, India

May 2025 – June 2025 ([CERTIFICATE](#))

- Architected and deployed the end-to-end full-stack web application for *SafarBuddy* ([thesafarbuddy.com](https://thesafarbuddy.com)), delivering a responsive, mobile-first UI that significantly elevated user experience across devices.
- Collaborated with cross-functional teams to roll out business-aligned features under an Agile/Scrum framework, ensuring rapid iteration and continuous delivery.

DevLaunch Private Limited, Web Developer Intern | Chennai, India

May 2025 – July 2025 ([CERTIFICATE](#))

- Developed and deployed **pujapathseva.com**, handling both frontend and backend development to deliver a fully functional, user-friendly web platform..
- Implemented **responsive UI, secure backend APIs, and database integration**, ensuring optimal performance and seamless user experience.

## SKILLS

Languages & Technologies	C, C++, Java, JavaScript, Python, HTML5, Node.js, React Js, MySQL, MongoDB
Software & Tools	Git, VS Code, Postman, Vercel, Render

## PROJECTS

InsiderJobs – Full-Stack Job Portal Web App | [Live](#)

July 2025 – Present

- Developed a MERN-based platform with JWT auth, role-specific dashboards, and responsive UI for real-time job listing and application management.
- Built and connected RESTful APIs for job postings, applications, and user management, ensuring seamless data flow between the frontend and backend.

Prescripto – Healthcare Assistant ([Main Website](#)) ([Admin Panel](#))

Feb 2025 – Present

- Developed a full-stack **Doctor Portal** with separate interfaces for users and admins using React.js and Node.js.
- Implemented features like **appointment booking, doctor management, and secure authentication**.
- Deployed the project on **Render**, ensuring seamless multi-role access and real-time data management.
- Achievements

- CodeChef:** Rating: 1420 ([Profile Link](#))
- LeetCode:** 480+ problems solved | Rating: 1635 ([Profile Link](#))
- Tech Achievements:**
  - Winner – Web Development Track, EmpowerTech Hackathon
  - Rank 8 in HacknDroid out of 250+ teams

## CERTIFICATIONS

Full Stack Development | [LINK](#)

- Certified in Full Stack Web Development on Udemy, covering MERN stack
